Product reference:

Venetian Hit and Miss Panel

Width – As Standard:

1.83m

Height:

0.607m

0.907m

Pales: 45 x 16.5mm thickness (30mm space/gap between panels, larger than standard Venetian).

0.607m panels have 16 pales per panel.

0.907m panels have 24 pales per panel.

Gravel Boards:

Gravel boards are required where panels are in contact with the ground. 140mm added to the height.

Posts:

Slotted Jakposts®

Guarantee:

All timber used throughout is superior quality Jakcure® treated softwood guaranteed for 25 years.

Features:

- All fixings are stainless steel.
- Gravel boards are required where panels are in contact with the ground.
- Panels are stacked to give extra height. (Eg. Two 0.907m panels on top of each other to create a 1.8m high panel).
- Offers more privacy than traditional Venetian fence panels.
- Capping Rail is recommended to finish installation (supplied separately).

Gates:

Please speak to our sales team regarding matching gates, which will be made to order.

Height: N/A

Width: N/A

Installation

In accordance to manufacturer's instructions.

Just like our original Venetian panel, the frameless Venetian Hit and Miss panel retains a contemporary and sleek look that complements both modern and traditional gardens. Venetian Hit and Miss panels are part of our 'good-both-sides' range and feature horizontal slats on both sides of the panel with an over-lap which means air and light can still pass through, but visibility through the panel is largely obscured.

For additional information, please contact Jacksons Fencing. All information within was correct at time of creation. We reserve the right to alter specification without notice.
