Posts:

Slotted Jakposts®

Guarantee:

All timber used throughout is superior quality Jakcure® treated softwood guaranteed for 25 years.

Features:

- All fixings are stainless steel.
- Gravel boards are required where panels are in contact with the ground.
- Morticed and tenoned frame for extra strength.
- Part of our premium 'good-both-sides' range.
- Featuring substantial 38mm x 7mm pales that maintain structural integrity.

Gates:

Gates are Jakcure® treated softwood, right and left hand hanging (when viewed from the outside) and are made to order in standard sizes. They are designed to match our Woven Panel.

Height: 1.78m (including capping).

Width: 1m

Installation

In accordance to manufacturer's instructions.

Part of our premium 'good-both-sides' panels range, Woven is designed with the traditional inter-woven styles of the past in mind. As with all Jacksons panels, they are constructed from Jakcure® treated pressure treated softwood and framed for use with slotted Jakposts®, making them far stronger than traditional versions of this style of fencing.
