

Tartan Trellis Panel

Jacksons Fencing

A refreshing spin on traditional Trellis, the attractive Tartan Trellis panel offers a mid-way point between our Premier Lattice Trellis, which provides more screening with its small squares and the larger more open squares of the Premier Square Trellis.

- All timber used throughout is superior quality Jakcure® treated planed softwood guaranteed for 25 years.
- All fixings are stainless steel.
- Designed for use with slotted Jakposts®.
- When the sun shines through the pattern it creates unusual striking shadows.
- Modern trellis design.
- Gravel boards are required where panels are in contact with the ground.

Specification

Panel Heights: 1.83m

Panel Width: 1.83m

Framing: 45 x 51mm.

Battens: (infill) 25 x 12mm

If you need to reduce the width of a panel on site, a cut down kit is available. Always use Jakcure® End Grain Treatment on any cut timber.

Gates

Our Tartan Trellis Panel does not have matching gates, but other gate types to suit can be recommended.

- Gate specifications will depend on the alternative style of gate chosen.

Standard Gate Heights: N/A

Standard Gate Widths: N/A

View our website for Q40 specification documents, CAD drawings and products available to buy online.

A fully made to measure service is available. All Jacksons Fencing systems and gates may be designed and manufactured to suit site conditions.

Note that components can temporarily swell up to 6% in width after our Jakcure® process temporarily affecting the overall product dimensions.
